## DCHP Conference 2024: AWARENESS

Please join our conference with the theme 'Awareness', where you'll have the chance to delve into the rich cultural heritage of the Dutch Caribbean islands of Sint Maarten, Saba, and Sint Eustatius.

Through either an in person or an online program, you'll explore monuments and other cultural sites that are often overlooked, while gaining insights into the diverse history of the region. Engage with local heritage professionals, share knowledge, and collaborate on finding sustainable solutions to the current challenges these islands are facing.

Whether you join us in person or virtually, this conference offers you a platform for learning, discussion, and collective action towards preserving and promoting the cultural heritage of the windward islands of the Dutch Caribbean.
